

The Cityview Energy Policy

The Cityview is committed to energy conservation through improving energy efficiency and energy saving activities. We are further committed to:

- ◇ Comply all relevant legislation and other requirements related to energy management
- ◇ Continually improve the energy performance
- ◇ Ensure the availability of information and resources to meet our objectives and targets
- ◇ Incorporate energy efficiency as a key criteria for purchasing equipment, renovation and process design
- ◇ Promote energy saving awareness to all staff

The Cityview's mission, goals and objectives are directed towards ongoing improvement in energy efficiency; enhancing our competitive position by reducing the cost of operations and reducing our carbon footprint.

The Cityview would set and review energy objectives and targets annually. The Cityview would also review the energy policy annually.
